ExoNetworx

Microsoft Productivity Suite

Secure, reliable enterprise-class productivity without added IT investments or resources.

Overview

Surprisingly cost-effective and easy-to-deploy, the Microsoft Productivity Suite—brought to you by ExoNetworx—features fully integrated, enterprise-class messaging and collaboration tools with the familiar Microsoft look and feel.

Easily access email, calendars and contacts—anywhere and from most any device—and use them to collaborate with colleagues and customers. Built on Microsoft Exchange Server 2010, this powerful, subscription-based productivity suite requires no additional hardware or IT resources. Instead, it allows you to better manage IT costs while eliminating concerns about network stability and security.

Reliable, Up-to-Date Productivity Tools

The Microsoft Productivity Suite delivers the latest productivity tools with near 100% uptime. Stay focused on strategic projects and while someone else performs daily maintenance, including patches and upgrades. Yet you'll still have control over your environment. Tools include:

- Cloud-based email

- Shared calendars

- Instant messaging, PC-to-PC calling and video conferencing

- Email archiving and unlimited email storage

Plus, the Microsoft Productivity Suite can synchronize with popular mobile devices, including Blackberry, iPhone/iPad, Android and Windows Phone—as well as PCs and Web browsers.

Quick Deployment, Easy Administration

Deploying Microsoft Productivity Suite is fast, and our team will work with you to ensure a smooth transition. Once you've been provisioned, you can easily add, change or delete users, distribution lists and contacts via a single, Web-based management portal or delegate those permissions to others so you can focus on more strategic business issues. Plus, experienced customer support representatives provide 24/7/365 phone and email support for added assurance.
